SMART-FIT

GRABBO

SMART-FIT

INTRODUCTION:

Grabbo Smart-Fit system is our new sport parquet for gyms, fitness studios, dance halls, school sport courts. Thanks to the prefabricated product with shock absorbing underlay and 5G click system, it has short laying time and low cost of installation.

SPECIFICATIONS:

1. Area elastic sport flooring (category A3 as per EN 14904)
2. Efficient joint and cartilage protection
3. Special sport varnish for the wear resistant surface with optimal grip
4. Prefabricated construction for the fast installation

Grabbo Smart-Fit sport parquet system		
Property	standard	result
thickness	EN 13647	28 mm
weight	EN 13647	10,3 kg/m ²
Classification		
Sport classification	EN 14904	area elastic A3
Reaction to fire	En 13501	Dfl-s1
Sport properties		
friction	EN 13036-4	80-110
shock absorption	EN 14808	51%
vertical deformation	EN 14809	2 mm
ball rebound	EN 12235	99%
specular gloss	EN 2813	<45
Technical characteristics		
resistance to rolling load	EN 1569	≥1500 N
resistance to wear	EN ISO 5470-1	<80 mg
formaldehyd emission	EN 717-2	E1
pentachlorophenol	EN 12673	no
